VOLUME CVI.---NO 174. ALEXANDRIA, VA., TUESDAY EVENING, JULY 25, 1905. PRICE 2 CENTS.

Who would exchange the merry noise of children at play, with the childless home where the clock tick can be heard hour after hour in the dull silence? But there are a great many who would like to people the silent house with the children that fate has refused them. Fate is often in this case only another word for ignorance. Many a glad mother dates her happiness from the day she first began the use of Doctor Pierce's Favorite Prescription. It often happens that with the cure of female weakness and the establishing of the delicate womanly organs in sound health, the way is opened for the joy of motherhood. "Favorite Prescription" is a specific for the chronic ailments peculiar to women. It cures them perfectly and permanently.

No other medicine can do for women so much as "Favorite Prescription." Do not therefore let any other medicine be palmed off on you as "just as good."

"Favorite Prescription" contains no alcohol, opium, cocaine or other narcotic. It is strictly a temperance medicine.

"I can truly say your medicine is a friend of mine," writes Mrs. Arthur Bratt, of Amherstburg, Ontario, Canada. "I am mother of four children and suffered greatly at times of birth of first three. When three months along with the last one I began to think of trying some medicine to ease those terrible pains, and asked our doctor whether there was anything he could give me to lessen labor pains. He said there was nothing that could help me. I then thought I would write to Dr. Pierce. He advised me to take his 'Favorite Prescription.' I started to take it at fourth month. I was very weak, had heart trouble and would faint away two or three times a day. Our doctor could not help me and life was a drag. I would often say, oh, if I could only die in one of these spells; but I took five bottles of 'Favorite Prescription' and felt better every way. Got along well at the time of delivery. I had heard of painless childbirth, and I thought it must be a good medicine that would help those pains, but I know now for myself, and can not tell it plain enough. Your 'Favorite Prescription' is the best medicine as we mothers know. I advise my friends to try it. Baby is now four months old and is a strong healthy boy."

APPEARING OLD

Acts as a Bar to Profitable Employment.

You cannot afford to grow old.

In these days of strenuous competition it is necessary to maintain, as long as possible ones youthful appearance.

It is impossible to do this without retaining a luxurious growth of hair.

The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.

Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use

Herpicide makes an elegant hair dressing as well as Dandruff cure.

Accept no substitute--there is none.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatine.

Kodol

Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.

Dollar bottle holds 2½ times as much as the trial, or 50 cent size. Prepared at the Laboratory of E. O. DeWitt & Co., Chicago, U. S. A.

Poisoned by Toadstools.

Toadstools mixed with mushrooms and eaten at a birthday party has caused the death of four of the six members of the family of Joseph Franzor, a farmer, who resided near Landisville, N. J. The dead are Joseph Franzor, aged thirty-eight years; his wife, aged thirty; and two daughters, aged seven and two years. The remaining members of the family, two boys, aged five and four years, owe their lives to the fact that they did not partake of the poisonous mixture.

Franzor was a miner at Leadville, Colo. Last March he purchased a fifty-acre farm near Landisville with money provided by the wife's brother, who is at Leadville. Among the things he raised was a small quanity of mushrooms. Last Friday a week the family decided to have a birthday party in honor of the two-year-old daughter. Mushrooms were one of the dishes to be served, and the seven-year-old daughter said she knew where mushrooms could be found in the woods near by. She gathered some of the fungi, and the mother, supposing they were mushrooms, added them to the mushrooms taken from their own soil. Only the members of the family were present, and only four of the six ate mushrooms.

During the night the father, mother, and the two little girls became ill. The next morning a doctor was sent for and he diagonosed the cases as that of hiccoughs. All four continued to grow worse, and on Monday the two children died. A few days later the parents were brought to the Medico-Chirurgical Hospital in Philadelphia where it was discovered that they were suffering from toadstool poisoning. The greatest interest was taken in the cases by the hospital physicians, but despite their efforts the husband died Sunday night and the wife yesterday. Mrs. Franzor was unconscious almost continuously from the time she became ill. Neighbors at Landisville have taken charge of the two orphans, and will communicate with their uncle at Leadville.

Fire in Texas Oil Field.

With probably twelve persons dead, the fire in the Humble, Texas, oil fields, which started Sunday night, is still burning fiercely, but it remains confined to the tanks of the Texas Company. So far as can be learned, the burned men were all colored employed to prevent the spread of the flames. Forty-three mules perished. The managers of the Texas Company say that the tanks contained approximately 2,500,000 barrels of oil, valued at 25 cents a barrels, and that none of the oil will be saved. In addition, they say, the big pumping plant was destroyed, making a total loss of more than $650,000.

Yesterday the efforts of the fire fighters were confined to throwing up earthen embankments between the burning tanks, of which there are eleven, and those in which 4,000,000 barrels of oil belonging to other companies are stored. These tanks are 3,000 and 4,000 feet away from the fire, but the water which covers the field as a result of the rain of Sunday has floated the burning oil to the first level, and a sudden "boil over" may send the burning fluid to the second embankment, which would place the other tanks in great danger.

The fire is not spreading toward the producing fields, and it is not expected that it will. Hundreds of men were engaged last night strengthening the levees, building them higher, and in throwing up additional ridges. Scores of people have lost their temporary homes in the field. Many have already come to Houston to seek shelter.

Among the companies who had oil stored in the Texas tanks are Stelzig & Antil 30,000 barrels; Brooks & Co., 100,000 barrels; Landslider & Co., 125,000 barrels.

Due to the Humble fire, a sharp advance occurred in the oil market, and still further advances are ordered. F. o. b. oil is quoted at from 22 cents to 25 cents, an advance of about 4 cents.

Virginia Cadets at West Point.

The records of the standing of the first, second and third classes of the U. S. military academy at West Point, N. Y., have been made public. In the first class, of seventy-seven members, Virginia has one of the star members in Frederick B. Downing, who is number 5. George R. Byrd, Virginia, is No. 69. In the second class, of 119 members, John B. Rose, Virginia, is No. 8; Hunter B. Porter, Virginia, is No. 43. Augustine W. Robins, Virginia, is No. 57. In the fourth class, of 136 members, Arthur E. Wilbourn, Virginia, is No. 98; Henry H. Ayers, born in Virginia, appointed at large, is No. 65. In the second class, Herbert Hayden, born in Virginia, appointed at large, is No. 71. Virginia differs from most of the States in that all of her cadets were born on her soil.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent. of his earnings. He must spend nine dollars in living expenses for every dollar saved. This being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars For sale by Gibson & Timberman and W. F. Creighton & Co.

J. C. MILBURN

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

TUESDAY EVENING, JULY 25, 1905.

IN HIS letter to the committee of Tammany Hall, on the occasion of its recent Independence Day meeting, Judge Alton B. Parker, the democratic standard-bearer in the last national campaign, pointed out that the opportunity of the democracy lay in maintaining its historic attitude of opposition to the undue increase in the activities of government or, as he expressed it, to over government. In Judge Parker's opinion one of the grave perils of the time is the tendency to regulate all sorts of private business undertakings by governmental authority. He says:

Because greed, left run to riot, has produced some bad conditions in cities and great corporations, we are advised to run headlong into municipal or government ownership and operation. This policy is advocated in spite of the fact that, in other countries, and in surroundings far more favorable for these experiments than our own, they have universally interfered with development and have curbed initiative. In other words, the only alternative thus presented for the curbing of greed is that of rushing wildly into all the perils of overgovernment.

Further on in his letter he says:

It is incumbent upon us to recognize, in the first place, that as the dangers which confront us are not new, they require nothing but the old respect for law, a demand for its rigid execution and a recognition of those doctrines and practices which fix unalterably the limits of right and wrong. We do not need to look for new cures for the old diseases; we have only to apply the old remedies in drastic doses.

While Judge Parker does not specify in so many words the particular forms of overgovernment which he has in mind, it is evident that his remarks that two of them at least are the demands for municipal ownership and for the fixing of railroad rates by federal authority. There is no doubt that the regulation of railway rates by foreign governments has "curbed initiative" and prevented the development of railway systems, as he suggested, and it also has had the effect of keeping up the rates of transportation instead of reducing them, so that in every country in which rates are fixed by government authority they are from two to three times as high as in the United States, where commercial conditions are the controlling factor. As Judge Parker maintains, there are remedies for the real abuses of our transportation system in existing laws and what is needed is a rigid and systematic enforcement of these laws rather than new legislation containing socialistic features, such as the fixing of the price of transportation by governmental decree.

BEFORE the State Bar Association Convention at Des Moines, Ia., last week Judge William H. McHenry, of the Polk county district bench, caused a sensation by advocating criminal procedure as a remedy for the divorce evil. Judge McHenry contends that the divorce laws as they now stand are good and meet the emergency of social conditions. They do not go far enough however, he claims, in enforcing the union of people bound in holy wedlock. Judge McHenry has offered the suggestion that there be placed on the statute books of Iowa a law giving judges a right to sentence a man who deserts his wife and family to some workhouse, and decree that the earnings of the husband in that institution be paid as temporary support to the wife during the husband's incarceration. This would be a good law for every State in the union and if a corporal punishment clause were added it would be just that much better. Scant consideration should be meeted out to men who desert their wives and children.

AN INSTANCE of noble philanthropy was that of Dr. M. K. Warner, of Baltimore, who died on Saturday. Just before his death he burned all books containing accounts with his poor patients, in order that they should not be pressed for payment by his administrators. Dr. Warner gave as his reason that since his patients knew what they owed him he thought that was sufficient, and had no doubt they would pay his heirs when able to do so. They had trusted him and he was willing to trust them.

Refused to Accept Resignation.

As was stated in the Gazette, a consideration of Hawaiian affairs occupied President Roosevelt's attention for several hours yesterday. He had as a guest at luncheon and during the greater part of the afternoon George R. Carter, the governor of Hawaii. Governor Carter went to Oyster Bay determined to resign his official position to escape the annoyance to which he has been subjected since he succeeded Sanford B. Dola as governor. The President not only declined to accept his resignation, but told him to go back to Honolulu, and he should have the full support and sympathy of the national administration. Governor Carter was in a much happier frame of mind after his interview with the President than he had been before. He will take a second vacation before returning to Hawaii, probably remaining in this country for several weeks. When he returns to Honolulu it will be to resume his official duties with new confidence and vigor.

(Correspondence of the Alexandria Gazette.)

Assistant Secretary of State Peirce, who is in charge of all the arrangements for the accomodation and entertainment of the Russian and Japanese peace envoys, has returned from New Hampshire where he has been making the final arrangements for the reception of the plenipotentiaries. Mr. Peirce confirmed the announcement that the envoys will be the guests of the State of New Hampshire during their visit to Portsmouth. Their hotel accomodations and their living expenses of all kinds will be defrayed by the State. The United States government besides providing the place of meeting for the negotiations will bear all the expense of transporting the representatives of the two governments from New York to Oyster Bay, from there to Portsmouth, and during the conference from the Portsmouth navy yard to the Hotel Wentworth. There is no definite idea as to how long the conferences will last, but the impression prevails that they can be concluded in a month or six weeks. Baron Komura, the chief plenipotentiary for Japan, arrived in New York this morning where he was met by Kagora Takahira, the Japanese Minister to this country, who is the other peace representative of that country. M. Witte, chief Russian peace envoy, cannot arrive in New York before Aug. 2nd. The exact date of the presentation of the envoys to the President at Oyster Bay cannot be set until after Witte's arrival when his pleasure will be consulted. It will probably be the 4th or 5th of August, Assistant Secretary Peirce will then perfect the final arrangement for the meeting of the envoys. He will accompany them to Oyster Bay and make the presentation to the President.

The new assistant will be a lawyer of first rate ability, eminently prepared to carry on the trust baiting campaign inaugurated by Mr. Day.

Several were examined today, among them being Prof. Hays of the Agricultural Department.

Removed Pin from Lung.

Little Bessie Chalmers was operated on Sunday in the Children's Homoepathic Hospital, Philadelphia, and a pin two inches long was removed from the bronchi at the entrance of her left lung. It was one of the most delicate operations performed at the hospital in some time, and was especially dangerous because the child is only 19 months old. The operation took nearly an hour to complete the work.

Tracheotomy, or the cutting of an incision in the windpipe, was performed, and then a hook was inserted three inches into the bronchi, where the pin had been located by means of an X-ray photograph. The pin was of steel, with a glass head, of the kind used to pin a woman's veil. It went down head first, making it very difficult to extract it. After it had been dislodged from the flesh another instrument was inserted, and after considerable probing the point of the pin was nipped and it was easily extracted.

Bessie is doing well, and there is every hope that she will recover. The only danger now is that pneumonia will develop. A similar operation was performed in the same hospital some time ago on a boy who had swallowed a 32-calibre cartridge. The obstruction was so large that it closed the left bronchi, and the poisonous gas from the lung caused serious complications. The cartridge was successfully removed.

Kaiser and Czar.

Emperor William and Czar Nicholas met Sunday first on the Hohenzollern and then on the Polar Star, and it is said the former urged the conclusion of peace as well as the institution of internal reforms, so as to stop the prevailing disorders. The Czar returned to Peterhof yesterday evening. The official version of the meeting is contained in the following telegram from Court Minister Frederics, sent from Bjoerkoe:

"At 10 o'clock Sunday evening the German imperial yacht Hohenzollern dropped anchor near the Polar Star. Emperor William, accompanied by Prince Albert of Schleswig-Holstein, and attended by his suite, was rowed to the Polar Star. His majesty was received at the head of the ladder by the Czar and Grand Duke Michael Alexandrovitch. Cordial greetings having been exchanged, the emperors reviewed the guards of honor and the yacht's crew. The two suites were then presented, after which their majesties retired to the deck saloon. At 11 p. m. the Czar and grand duke accompanied the Kaiser aboard the Hohenzollern, whence the former returned to the Polar Star at 1:30 a. m."

No one having offered as a candidate against Thomas H. Lion, of Manassas, for re-election to the House of Delegates, he will be declared the nominee of the democratic party. The republicans never put up a candidate for this position in Prince William county. Capt. E. Nelson will be re-elected clerk of the Circuit Court at Manassas, a position he has held for many years.

Col. Frank G. Thompson, internal revenue agent, whose headquarters are in Richmond and who had charge of the Second and Sixth Virginia districts, died at Goshen Sunday. He was 52 years old. Colonel Thompson left Richmond Saturday to spend Sunday at Goshen with Mrs. Thompson. He was then in perfect health apparently. He was a native of Ohio.

Mrs. Edna Fergusson, wife of Mr. John E. Fergusson, a well-known railroad man, and herself well-known throughout Richmond, died yesterday afternoon from the effects of inhaling gas. Harrison H. Russell, of Leesburg, formerly high sheriff of Loudoun county, has announced his candidacy for the House of Delegates in the Virginia legislature, subject to the action of the democratic primary election in Loudoun county on August 22. Mrs. Ida D. Henley, widow of Judge R. L. Henley, of Williamsburg, died Sunday at Sibley Hospital, Washington, after an illness lasting about two weeks. On Sunday evening lightning played queer freaks at the home of Arthur Carian, at Whaleyville, near Suffolk. The bolt demolished a piano and other furniture in the parlor. Then it pierced a wall to a bed chamber, where the bed was torn to pieces, and from there it darted into the dining room and played about the table, where Mrs. Carian and two children were eating. The lightning then passed through a corridor to a woodhouse, where a water bucket was splintered. The only persons hurt was Nellie Carian, 15 years old, who suffered from shock. A piece of cheese was knocked from her hand.

The Case Against Editor Williams.

The rumor that Alfred B. Williams, editor of the Richmond News-Leader, would be indicted by the grand jury for using money illegally in the late primary, has created a sensation in that city.

Mr. Williams has been an earnest advocate of purity in elections, and published, previous to the late primary, a series of striking articles addressed to "Mr. Good Citizen" that created much comment, and this rumor, though widely circulated, was not credited by many.

Mr. Williams, however, in a card to the public yesterday anticipated the action of the grand jury by publishing the details of the transaction.

He agreed with a ward worker to pay $25 if he could influence the votes in a precinct for Col. George Wayne Anderson, candidate for Commonwealth's Attorney. This was done without Colonel Anderson's knowledge.

Mr. Williams paid the sum with his individual check after the election, the precinct having been carried for Anderson.

Mr. Williams stands on his rights as a citizen to aid a friend, and declares he did the act openly and believes he did nothing wrong and is willing to bear the consequences. Samuel Goldstein, a worker in the street-cleaning department, received the money. He is a brother of one of the election officials in the precinct referred to.

The Barksdale pure election law is specific on the point of others using money in an election to influence a voter for a candidate, and even Mr. Williams' best friends regard his act as a serious indiscretion. The law provides a fine from $100 to $1,000 or, at the discretion of the jury, 30 days in jail.

The grand jury yesterday requested Judge Witt to have summoned every voter of the third precint of Monroe ward, in which crookedness is charged. It is declared, however, that the ballot being a secret one, not even the grand jury can require a voter to testify as to how he voted.

Today's Telegraphic News

Kaiser and Czar.

Berlin, July 25.—The foreign office here authorize the statement that at the conference between Kaiser Wilhelm and Emperor Nicholas on Sunday night and yesterday Emperor William advised the Czar to conclude peace with Japan.

London, July 25.—Speculation continues here as to the purpose of the conference between Kaiser William and the Czar and in diplomatic circles the opinion is held that the two rulers discussed not only the war and the internal situation in Russia, but that the strengthening of Russo-German friendship was considered. One diplomatist said today to the correspondent of the Publishers Press."

"There is no doubt that the Kaiser is playing a strong game to save Germany from isolation in Europe. He is working on the great admiration which the Czar has for him to advise the Czar on certain courses of action in the expectation that if his advice proves of advantage of Russia, the Romanoffs will owe a debt of gratitude to the Hohenzollerns on which Germany can draw at some future time. The rest of Europe, which does not desire to see the Kaiser become too powerful, is hopeful that the Kaiser's advice to the Czar is of a reactionary nature, as, if he follows it, Nicholas will find himself in greater difficulties than exist at present. In that event the advice he has given will react against the Kaiser."

Besides the two letters, there were fragments of a third, written and torn to pieces. There was a note also telling Bernheimer to call up a woman in Far Rockaway at nine o'clock this morning. White, of the Marine Hospital and Public Health Service at New Orleans, La., has wired acting Surgeon General Glennan that eight deaths have occurred from yellow fever, one outside the restricted district of two city blocks in which most of the cases have been discovered. Russian Scandal.

St. Petersburg, July 25.—A scandal of wide spread proportions in connection with the sale to merchants of permits to ship goods to the far East, has just been unearthed, and the War Office has ordered an inquiry to discover who is responsible for the systematic wrong doing which has been going on. When the war began, the War Office, in order to prevent the blockade of the railway leading to Manchuria, directed that no goods should be sent to the far East unless they had been ordered specifically and then only after a permit had been secured in each case from the War Department. It was developed that 70,000 of these permits in blank form have been issued surreptitiously, and have been sold by banks and other financial institutions to any merchant applying who would pay the high price demanded for them. In some cases it is said as much as $1,000 was paid for a single permit. It is estimated that permits to the value of $10,000,000 have been sold and all manner of delicacies have been sent to the far East under these permits seriously interfering with the shipping of war supplies, and the proper running of troop trains. The War Office proposes to make a thorough investigation of the affairs with a view of fixing the responsibility on the guilty parties.

Resignation of Cabinet.

This action of the cabinet followed the receipt of the report of the special committee of the Riksdag, to which the bill proposed by the ministry providing for the separation of Sweden and Norway, had been referred. The report stated that the bill is not acceptable. The committee suggests that Norway should be allowed to make the request for the dissolution of the union through a specially elected Storthing or national parliament, and urges that this course be followed. The committee also recommended that 100,000,000 kroners be set apart for the use of the Swedish government for any eventuality which may arise. Another important recommendation made by the committee of the Riksdag, is that all the fortifications on the southern frontiers of both Sweden and Norway shall be razed.

A Night Amid Catamounts.

Williamsport, Pa., July 25.—It was a hair-raising experience that fell to the lot of John Singler, a cattle-herder in the Scootac Mountain, north of Mapes, Pa., the other night. Having hunted and found one of his lost steers that had evidently been caught fast in a crevice of an abandoned quarry and died there, he discovered that the flesh had been torn from the neck and shoulders of the beast. Armed with a rifle he climbed into the dense foliage of a scrubby tree and waited to see what sort of wild beasts had torn the dead steer. A little after midnight a family of snarling catamounts came back to feast on the odoriferous carcass, and, after a long, thrilling wait up his tree, he blazed away in the direction of the bedlam of shrieks and snarls. The catamounts took the hint and departed, and when their distant cries proved that they were at a safe distance Singler climbed down, but could find no evidence that any of his shots had taken effect.

Mrs. Grace Marshall, daughter of Geo. W. Starr, former immigration commissioner, and wife of Charles Marshall, a broker, committed suicide today by shooting herself at her apartments in the Raleigh, in New York. For some time prior to the suicide, she had been in poor spirits.

Gov. Higgins today commuted the death sentence of Emil Totterman, the sailor who brutally killed Sarah Martin in "ripper" fashion, in a Raines law hotel on Water street, New York, some months ago, to imprisonment for life. Tottermam was to have been electrocuted on August 1.

A private telegram received at St. Petersburg today from Lindiaputze, Manchuria, says that it is persistently rumored there that the Japanese are executing a turning movement about the right wing of General Linievitch's army, in Mongolia. They are said to be eighty three miles inside the frontier.

M. Witte, the ranking Russian plenipotenary to peace conference to be held at Portsmouth, N. H., will leave Paris for the United States tomorrow morning. M. Witte had another conference with Premier Rouvier, this afternoon, after which the announcement as to the definite time of his departure was made.

Senator Martin at Staunton.

Senator Martin spoke at Staunton yesterday in the county courtroom and was greeted by a large and enthusiastic audience, notwithstanding the fact that it was not a well-attended court day, the county people being busy with their hay harvest. Commonwealth's Attorney R. S. Kerr introduced Senator Martin, who throughout his speech was frequently applauded. He made a most favorable impression by his speech, which is generally regarded as the best he has ever made in Staunton, and it is believed he will gain many votes there. After the address, which lasted two hours, Senator Martin dined with Hon. A. C. Braxton. Senator Martin stated that the governor was mistaken in saying that he did not favor the Corporation Commission clause in the convention, because he did, and voted for it. He expressed himself in favor of the railroad rate bill, and said he thought it would be carried with all amendments. After the Senator had finished speaking, Mr. J. D. Eggleston made a short speech in the interest of his candidacy for superintendent of public instruction.

Killed at Church.

Details reached Roanoke yesterday evening of a fatal shooting affair Sunday night at Panther Creek Church, in Carroll county, in which Wiley Marshall was shot five times and killed by his first cousin, Otey Marshall. There has been bad blood between the two branches of the Marshall family for a long time, and this is but one of the many shooting affairs that have taken place during the past few years. Last winter Wiley Marshall shot and seriously wounded Kid Marshall, a brother of Otey Marshall, and further trouble had been anticipated. When they met at church Sunday night, Otey Marshall drew his gun, and, approaching Wiley Marshall said: "You shot my brother and I am going to kill you." He then fired five bullets, all of which took effect in Wiley Marshall's body, causing instant death. In the excitement following the killing, Otey Marshall escaped to the mountains and is being hunted by a large posse. If he is overtaken there will likely be more serious trouble.

The Mayor and City Engineer.

The following correspondence has recently taken place between Mayor Paff and City Engineer Dunn:

Mayor's Office,
Alexandria, Va., July 24th, 1905.

E. C. Dunn, City Engineer:

Dear Sir—I must call your attention to the numerous complaints of the tardiness with which work is being done and the general unsanitary condition of our city. As the administration receives the censure and the work is under your department I call your attention and ask you to explain. I also again remind you, as I have done several times verbally, of the large number of corporation prisoners in our city jail who no doubt could be used advantageously in cleaning streets, etc.

Yours truly,
FRED J. PAFF.

Alexandria, Va., July 24th, 1905.

Mr. F. J. Paff, Mayor, Alexandria, Va.

Dear Sir—I am in receipt of yours of today and note the contents and request asking explanation of numerous complaints of tardiness with which work is being done and the general unsanitary condition of the city. As to the first, this office is not in receipt of said complaints. The complaints that I receive are as promptly attended to as our limited force allows, and much more would doubtless be accomplished if so many of them were not of a nature caused by the property owners against the established laws of the city.

The condition of the city, in my observation, is not more unsanitary than it is usually at this time of the year. In fact, I believe it is better. The continued wet weather has caused a rapid growth of weeds and grass, but these are not unsanitary. You are yourself aware of the trouble of getting good laborers, or rather any laborers at all, and my foremen have had instructions for some time to hire any men they could get, yet we have been unable to at all to get the forces we want.

We might probably get a force of colored labor, and on instructions from you I will endeavor to do so.

Regarding a chain gang, I recollect you telling me several days ago, on the corner of King and St. Asaph streets, that there were a large number of prisoners in the jail subject to the chain gang.

On receipt of your letter I called up the jailor and he advised me that he had six corporation prisoners that would do for street work, but that only three of these could go to work before being properly clothed.

The hours they could leave and return to jail would be 7:30 a. m. to 11:30 a. m, and 1 p. m. to 5 p. m.

If you think it economical and proper to purchase balls and chains and pay for the foreman and watching for so uncertain a number of men and the so uncertain character of their labor I will do so on further instructions

You know that no one has the interest of our town at heart more, nor is more anxious to make a good showing in every respect than I am, consistent with the proper and economical expenditure of the money placed in my charge by the City Council, and there is no one more open to suggestion to anything better, especially from yourself, and if you will advise me more particularly of the subject matters of the first paragraph of your letter they will be attended to in order as fast as our force will allow.

Very respectfully,
E. C. DUNN, City Engineer.

Fire Last Night.

About half-past twelve o'clock last night a fire was discovered in a row of frame houses situated in the square bounded by Lee, Union, Wolfe and Wilkes streets, and an alarm was sounded which soon brought the department to the scene. The houses are situated in a locality that is difficult of approach, but the firemen managed to reach them and checked the flames, not, however, until the house in which the fire had originated had been seriously damaged, as well as that adjoining. The origin of the fire is unknown. The houses are situated in the bottom east of the Free Methodist Church, and form what is locally known as "Mockorange Row." The fire was burning furiously when the apparatus reached the scene and was illuminating the neighborhood.

Accident to Freight Train.

A southbound freight train on the Southern Railway was wrecked at 3 o'clock yesterday afternoon, near Fabers Nelson county, by the breaking of the wheel of a loaded Baltimore and Ohio car deranging fifteen cars and tearing up the track. Passenger trains 30 and 36 were detoured over the Chesapeake and Ohio to Glasgow, over the Norfolk and Western to Basic, and over the Chesapeake and Ohio again to Charlottesville, and several peach trains will be sent the same way. Wrecking trains were sent from this city and Monroe, and the track was cleared during the night.

Excursion Thursday.

Washington Camp, No. 2, Patriotic Order Sons of America, of Washington, will give their third annual excursion to River View on Thursday next. The steamer will stop at Alexandria going and returning, the last boat leaving here about 7 o'clock p m. The excursions heretofore given by this order have been enjoyable, and all are assured of another pleasant experience. A movement is on foot for the purpose of organizing a camp in this city. The order is a thriving institution, and wherever camps have been organized they have become popular.

The New Depot.

The new union depot west of this city is nearing completion, and it is generally admitted that it will meet the requirements and comforts of the traveling public. The building will be commodious and fitted with all modern conveniences. The platforms from which trains will arrive and depart will be covered with substantial and ornamental roofs, supported by pillars, and concrete is being laid on the footway to the depot beginning at a point east of the structure over King street extended. Double tracks have been placed in front of the depot. It is said that trains will arrive and depart from the new station by the middle of next month. A new and substantial brick freight house has been erected opposite the new depot.

The game was interesting throughout and several good catches were made, especially one in the center and one in the right field. The batteries were: Invincibles, Hullet and Martin; Old Dominions Drowns and Lucas. The game was won by the Invincibles by a score of 4 to 3.

River Notes.

The tug M. Mitchell Davis has been hauled out on the railway at the shipyard and is having her bottom cleaned and covered with a copper paint as a protection against marine growth and worms in salt water. As soon as the work is completed the tug will go to the capes of the Chesapeake seeking tows.

The barge Somerset, from Carteret, N. J., with fertilizer for the Alexandria Fertilizer and Chemical Company, is unloading at W. A. Smoot & Co's wharf.

The Garbage Trains.

Residents of Fayette street are again complaining of the garbage trains which pass down that thoroughfare from Washington. During the recent hot spell the effluvium has been unbearable, especially when the trains were slowed down or stopped. Occasionally the vessels containing the garbage have either leaked or been filled full enough to run over and leave some of their contents on the streets, which has added to the discomfort of residents of the neighborhood.

Cooler Weather.

The sultry weather of yesterday was followed by cooler conditions after dark. A heavy cloud formed in the south and there were rains a short distance below this city. The showers extended for some distance into Maryland. The wind in the meantime changed to the northwest, lowering the temperature considerably, and today the weather has been pleasant.

Ruth, the little daughter of E. N. Dewey, of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five minutes I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy it for sale by Gibson and Timberman and W. F. Creighton & Co.

TUESDAY EVENING, JULY 25, 1905.

Won Over $20,000.

Mrs. Lillian Allien Barnes, who inherited $2,000,000 from the late Pierre Lorillard, hit the ring at Brighton Beach yesterday afternoon a stunning blow through the running second of her horse, Gold Braid, in the first race. A terrific plunge was made on Gold Braid by Mrs. Allien, as she is best known, and had the horse, who opened at 100 to 1 in the betting, got home first, she would have cleaned up at least $40,000. As it was, Mrs. Allien made $20,000 in place and show betting. Mrs. Allien bred and raised Gold Braid at her Roncocos farm, in New Jersey. For weeks Trainer Mat Beakes had been preparing the mare for a soft spot in a cheap race, such as this event. Hayward was engaged as jockey for Gold Braid yesterday, and when Bookmaker Jones chalked 100 to 1 against the mare two uncouth-looking commissioners, said to be employes at Mrs. Allien's farm, commenced to bet $10 notes wherever a book would take it. Gold Braid's price went to 20 to 1 and the fair lady stood to win $40,000. Though Hayward rode a clever race on Gold Braid, he could not get up on King Cole through the stretch. As Mrs. Allien's commissioners took 15 to 1 for place and 7 to 1 to show, her investment netted her close on to $20,000, according to ring gossip. Mrs. Allien intends to race at Saratoga next month, where she will be a stellar figure.

MEETINGS.

A CALLED MEETING of the stockholders of the COLONIAL LOAN AND DEPOSIT ASSOCIATION will be held at the offices of said association, No. 128 south Fairfax street, Alexandria, Virginia, on MONDAY, August 7, 1905, at 2 o'clock, p. m., for the purpose of considering certain resolutions of the Board of Directors of said association, adopted on the 17th day of June, 1905, in Havana, Cuba, which resolutions are as follows:

First. This company being now essentially a Cuban institution, with all its financial interests in Cuba, be it resolved that steps be taken to abolish the present legal necessity of holding the stockholders' meetings in Virginia, United States of America.

Second. In order to accomplish the object of the first resolution, and also to make some changes deemed necessary and expedient, be it resolved that it is deemed advisable that the Directors of the Colonial Loan and Deposit Association be authorized and empowered to transfer, by sale, consolidation or otherwise, to another company which is or may be established under the laws of Cuba by the directors of the Colonial Loan and Deposit Association, or by others, or by both, all the assets and liabilities of the old company other than the rights of or against its stockholders derived from the subscription to or possession of stock, said Cuban company to be formed on the basis deemed most expedient for securing more capital for loans and investments, and with the general powers of a trust company.

Third. Be it further resolved that it is deemed advisable that the stockholders of this company whose stock at the time of transfer is unencumbered and up to date in its payments, exchange their stock for paid-up and non assessable stock of the Cuban company, receiving in stock of the said company an amount equal to the total loan fund credit of their respective certificates of stock, plus 1-6 of 1 per cent. for each month transpired since the first payment on same.

Fourth. Be it further resolved that the stockholders who now have loans may continue their monthly payments as at present, in accordance with the conditions of their respective contracts, until their loans are paid off, but that they may, if they wish, exchange their stock as the other stockholders, and recognize a straight loan in favor of the purchasing company.

Fifth. Be it further resolved that a special meeting of the stockholders of this company be held in Alexandria, Virginia, on the seventh of August, 1905, at 2 p. m., to take action on the above resolutions, and also to arrange all the details of transfer and change that may be deemed necessary and expedient.
